PAPER FORMAT

The uniform outlook will help the reader to follow the proceedings. This can be obtained most easily if authors use this template file to construct their papers. Please note the following details: this template is an A4 format. All text paragraphs should be 1.5 line spaced, with first line intended by 10 mm (0.4 inch). Double spacing should only be used before and after headings (14 font size) and subheadings (12 font size) as shown in this sample. Position and style of headings and subheadings should follow this sample. One blank line should be placed between paragraphs. Please do not change any of the above mentioned page, paragraph and font settings.

FONTS

Papers should use **11-point Times New Roman** font. The styles available are bold, italic and underlined. It is recommended that text in figures is not smaller than 11-point font size.

TABLES AND FIGURES

Figure captions and table headings should be sufficient to explain the figure or table without needing to refer to the text. Figures and tables not cited in the text should not be presented. Styles Heading Table and Caption Figure are available in this template for tables and figures. The following is the example for Table 1.

Table 1 Title of Example Table
